PRISONERS BREAK JAIL .- On Monday evening last about 6 o'clock, P. M., while the Jallor, Mr. Boyd, was handing in the suppers of the prisoners through the door of their cell, there being some ten desperate criminals confined in the room, they made a rush at him, knocked him down, wrenched the door open and broke out. The alarm was immediately given by the family of Mr Boyd, who live in the lower apartment of the building, and as the prisoners spread out in every direction to make their escape,-large numbers of our citizens joined in the pursuit, and succeeded in recapturing four of them-As night soon came on, the pursuit was neccovarily abandoned, and the remainder made good their escape. There should be at least one guard kept at the Jail, or the prisoners should be confined by manacles in such a manner as to prevent a recurrence of this affair. This makes the third attempt of the prisoners to escape from our Jail in the past twelve months. Let some plan be adopted to stop it effectually.

The following are the names of those who made their escape: William Hunter, Jake Brown, Joseph Bowers, and a negro calling bimself Richard Lea.

Honara Stolen-One of the Thieves Carrunns .- One night last week, the horses belonging to widow Reed, Mr. Freeman and Mr. Hoffman, who reside on Cherokee Creek in this county, were stolen. Suspicion restlug on certain characters who had mysterionsly disappeared from that neighborhood, caused a vigorous effort to be made to capturn them. Accordingly, some trace having been discovered that the thieves had started In the direction of Knoxville, a telegram was sent to that city immediately, giving a description of the parties, which fortunately resolted in the capture of one of them, whe was brought back and lodged in the jail in this place-and may yet be the means of the capture of the others, as the police were closely in pursuit of them. Two of the horses were recaptured. Sam White is the name of the individual captured, and Lee Taylor, a notorious horse-thief, was among those who made their escaped. Taylor has just gotten out of the penitentiary by militaay order, where be had been sent some twelve wenths since, for plotting to murder and rob Col. John K. Miller, at Sweetwater.

Thos. A. R. Nelson, formerly of Joneso', wrote an address to the people of East Tennessee in 1863, urgently advising them to take up arms and fight against the Union. But "they couldn't see it !" It is said he is now going round making Copperjobnson'speeches! God save the country from such demagogues.

Bad State of Affairs in Texas.

w York, August 27.—A letter from Captain Bing-of Texas, says: "We are on the eve of another which will be more desperate than the one out of he we have just emerged. The former leaders in lion have ounted some dozen Union men steated to mimportant county offices, and they are more hea-med rabid than they were during the war, or before state seconded. Unless troops are kept in the meet flaat towns, there will not be a Union man left in a lin six months. The disloyal from other States using here more or less every day, and thousands in six months. The disloyal from other States ming here more or less every day, and thousands turning from Moxico who went off with Price and , and a more desperate set of men never before any country. Murders are an every day occur. The civil law is defied and trampled on; the sen are held in many parts of the State in as strict each of the sentiments openly. Secret societies called G. Critare organized all over the State, and the State is held under strict military rule, we are another outbreak in less than six monthe."

Railroad Collision and Explosion. New York, August 27.—A train, with eight car leads of patroleum, on the Kris Road, was collided with yesterlay near Harrowaburg, New Jarsey. Several cars was massled, and the petroleum caught fire and exceeding, and burned the whole train. Three dwelling use and fifty thousand feet of lumber caught frem the barning oil and ware destroyed. A Mr. Hilliams, while attempting to eave his two children unes of the houses, was bedly burned. The children died, and he is not expected to receiver. Mrs. Massey jumped from a second story window, and impated the property by fire, about \$80,000.

What is Radicalism? A great many men denounce the Radicals

without knowing who they are, or what they hold. The term radical is a primitive word; a radix, root, or a simple underived uncompounded word. In politics, a radical is one who advocates a radical reform, or extreme me-sures in reformation. In putting down a rebellion, and sustaining the Union, a radical is one who goes for disfranchising robels, punishing traitors, and giving the control of the country to loyal men. In politics the INDEPENDENTS were radicals, and styled them-selves "Root-and-branch men." As an able writer on political economy says: "Radicalism means root-work; the uprooting of all falsehoods and abuses." Hence, in the present division of parties in America the Radicals are the men who are radically in favor of the Union, and radically opposed to rebels and rebel sympathizers. The majority in ooth branches of Congress are radicals, and they are radically right. The hundreds of thousands who rushed under arms, in the late war, to the rescue of the American flag, were radicals, and they were radically successful. We glory in being a radical, because it places us on the side of our country, which is proof that we are BADICALLY RIGHT -Knoxville Whig.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD,

FOR PURIFYING THE BLOOD,
And for the speedy cure of the following complaints.

Scrofish and Scrofalons Affections, such as Tumors, Ulcers, Sorces, Eruptions, Pimples, Pustules, Blotchen, Boiles, Blains, and all Skin Bisenses.

OAKLAND, Ind., 5th June, 1869.

J. C. Ayen & Co. Gents: I feel it my duty to seknowledge what your Sarsaparills into done for me. Having inherited a Scrofalous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my heads and arms, sometimes if turned inward and distressed me at the stomach. Two years ago it broke out on my heads and arms, sometimes if turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was reploied to read in the Gospel Messenger flut you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnait and got it, and used it till it cured me. I took it, say one advise, in small doses of a testpoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apoeties of the age, and remain ever gratefully. Yours.

case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla,
and also a dangerous Malignant Erraipelas by large
doses of the same; says he cures the common Eruptions by it constantly.

Dr. J B S Channing, of New York City, writes:

"I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilia a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrothlous diathesis. I have cured many inveterate cases of Leucorrhona by it, and some where the complaint was caused by siceration of the uterus. The ulceration itself was soon cared. Nothing within my knowledge equalsit for these found earnagements."

Edward S Marrow, of Newbury, Ala., writes:

"A dangerous overian tamor on one of the formales in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Naw Ouleans, 25th August, 1859.

Dr. J. C. Aven: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilia.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venercal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his painte and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and house. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Dr. J. C. Avan: Sir, I have been afflicted with a painful chronic Thematism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried everything, and everything flied to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my bloods at to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

As all know the dreadful fatality of these disorders,
and as they know, too, the effects of this remedy,
we need not do more than to assure them that it has
now all the virtues that it did have when making
the cures which have won so strongly upon the
confidence of mankind.

GREENBACKS GOOD!

OBACK'S STOMACH BITTERS, after years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the week, impart

restors shattered and broken-down constitutions. No remedy has been received with as much favor as Ro-

VER 50,000 bottles were sold by one drug-house in the past year. It is ad-nited by our most learned physicians that Dr. ROBACK'S STOMACH BIT-TERS combine the properties of a gaulie laxative, an efficient anti-billous the world. ROBACK'S BITTERS should be used by convalescents to strengthen

the prostration which always follows acute

ILIOUS districts of the West and South there has, for a long time, leca much needed an article of STOMACIL BUTTERS, which, if taken in proper quantities, and at the proper time, are a sure prevenitive of Bilious Ferce.

Fever and Ague, Liver Complaint, Dys-pepsia, Indigestion, Jaundice, Kidney Complaint, and all diseases of similar nature; and are better as a preventive or bilious derangement, regulating

ND strengthening the system, and giv-ing tone to the digestive organs, than any other known remedy. Now that the war is over, there will be thousands seeking homes in the South. No perwithout having constantly at hand the BITTERS, as a safeguard against spidemic and mainties engen-fered by missma and political water. Travelers and all residents of the rank river-not-

OUNTIES of the West and South, and the valley of the Missiscippi and its ributaries, should provide themselves with the HITTERS. There is probably no one disease with which mankind are

ailments as dyspepsia, or as it is more commonly called Sour Stomach, and there is no more certain remedy than Roback's Stornach Bitters. They are never known to fail. ING CHOLERA has always been much dreaded by the public, and people have resorted to all manner of medicines to arrest the progress, but with little success. A sure dues to be compared to be compared to the country of the country of

use of Dr. ROBACK'S SCANDINA-VIAN REMEDIES. Keep the bowels open with the Pills, and imageriate the system by free use of the Stomach Etters, or, if the blood be thus, use the Parties.

UCH an invaluable remedy should be kept in every family. Keep the system in full vigor and nothing is to be feared from disease or cholera. THE OLD RELIGIBLE. Do not be deceived by purchasing any of the quack nostrums

Purchase none other but Dr. ROBACK'S
STOMACH BITTERS, which are compounded of the purest drugs, and in which the afflicted can rely.
